"A FEW NOTES FROM THE PRESIDENT"

Hello and Happy New Year fellow Mustangers. I hope this finds you all well and ready for another great year in 2007. I just wanted to take a moment and say a few words to say a few words to the club, starting off this New Year and hope all are excited as I am to be going into 2007 strong as ever and ready for the first of our events scheduled in a couple months to start off the year! First off I would like to say "THANK YOU" for your support and friendship during 2006, a year I truly enjoyed. With your support as president, I found 2006 to be another great fun filled year of car shows, club events, parades, parties, car rebuilding and just spending time with alot of you during the year. Some of the highlights of 2006 were the addition of many new members, new events like Bill Kohlers pool party, the fall poker run, St. Patty's day parade and many others, like the awesome new home to our annual Show-N-Shine, now held at Hy-vee! It was also amazing to see all of our cars and new members that joined our club in 2006. This is what makes the club special and keeps us growing. Thanks for being a part of our family. Vicki, I and family worked hard to represent the club to best of our ability and hope that 2007 also shows your support of us and as well as during the year. The people in the club are what makes this whole thing continue to grow and become the best club in Nebraska and finally, we are getting recognized and our presence is felt in the community and in the State. I would like to say how important it was to me for all of you re-electing me for President again for the upcoming year and a heart felt thanks to everyone for their support. I ask that everyone welcomes the new officers this year and continue giving each of us and the club, your support and efforts during the year. It makes things allot easier for everyone, when we have everyone's support for the club and the members in it. 2007 is starting off the first month with at least 5 new members that have joined already and hopefully finds many more to come during the year. We welcome all of you and hope you find the club full of fun thing to do during the year and awesome people and families to hang out with. I ask everyone to get to know some of our new members during this upcoming year. It just keeps this club close to each other and operating as a unit, it shows! I am now hoping that winter soon decides to leave us and bring back our warmer weather and lots of car driving that I miss so much! Thanks for your time and hope to see you all real soon!

Your President, Todd Perry and Family

Minutes of the January 9, 2007 Meeting

By-Laws

The by-laws and corporation papers have surface and were brought up at our January meeting. Tom Maul will go over them and update some of the articles the club will vote to amend the by-laws at our February meeting. You can go to our website: <http://www.pvmustangs.net> to view the by-laws. This notice will be published in the February newsletter.

Feature of the Month

This month's feature club member is Bill Kohler. Bill has been a member of our club since 2005. Bill first Mustang is a 2005 Roush Stage2 with the 20" MC2 rims. He was visiting one of his daughter's and knew the Ford dealer in Salina, KS handled Roush Mustangs. It took several hours to make the deal, he refused to drive it (the dealership thought he was crazy) but as I told them if I drove it before I would have to have it and would probably have spent more \$\$\$\$\$. He drove it home that night. It's the only 2005 Roush Windveil Blue Stage 2. He guesses if one is going to jump in it might as will be all the way. He has added the Roush hood scope and front strut brace and a few other Roush parts, Silver horse honeycomb rear panel, K&N Air charger system and Predator tune. A few more horses under the hood are planned (some are in the garage now). The aftermarket industry is introducing new products for the new generation Mustangs, so the 05 will be a work in progress. He thinks a nice set of painted front to rear stripes would finish off the exterior.
